Continuation of Substance of Interview including description of the general nature of what was discussed: Upon updating the search of the invention being claimed per the amendment filed February 27, 2004, the Examiner found the Oldfield et al. reference. The Examiner faxed a copy of the Oldfield reference to Mr. Synder. The Examiner called Mr. Synder to discuss the Oldfield reference. It was agreed that claim 58, and claims which depended on claim 58, would be cancelled. Mr. Synder authorized the Examiner to make new claim 79 which would be directed to the single species, BADDD.
